Cooperation Overseas

With its first break of its outward reinsurance business in 2017 at an aggregate premium size of approx. KPW 12,800,000 (CHF 99,000.00), Polestar has made its fresh step onto the international platform of transactions.

Keeping steadfast pace in this evolving market, we are ready to reach out to all those who demand co-development in the same industry and we will always exceed expectations of all our clients and partners.

Polestar has joined the Federation of Afro-Asian Insurers & Reinsurers "FAIR", a professional organization that is aiming at promoting cooperation among insurance and reinsurance companies in Africa and Asia through the regular exchange of information, expertise and the development of reinsurance relations.

Accessing FAIR, whose members are now more than 258 companies from 51 Afro-Asian countries, means increased opportunities for Polestar to expand its global presence and interaction with prestigious insurance and reinsurance companies and brokers from international markets.
